Portfolio: [henayaqubi.com](https://henayaqubi.com) | LinkedIn: [Hena Yaqubi](#) | YouTube: [Data With Hena](#)

## Professional Summary

Junior Data Analyst focused on dashboards, reporting, and clear data storytelling using Excel, SQL, Tableau, Power BI, and Python. Skilled in cleaning data, analyzing trends, building interactive dashboards, and turning raw datasets into practical insights. Built multiple portfolio projects across business, survey, public-interest, and global datasets, with hands-on experience in exploratory data analysis, visualization, reporting, and dashboard design. Passionate about using data to support decision-making and continuously strengthening technical and analytical skills in real-world environments.

## Projects

### [Afghanistan Natural Disasters Interactive Dashboard | Tableau](#)

- Built an interactive Tableau dashboard to visualize natural disaster patterns in Afghanistan and make complex data easier to explore.
- Cleaned and organized data to support clear visual analysis and reporting-style insights.
- Designed dashboard views inspired by OCHA-style reporting to present key trends and insights in a practical format.

### [Superstore Sales & Profit Performance Dashboard | Excel](#)

- Built an interactive Excel dashboard to track sales, profit, and business performance across categories, regions, and customer segments.
- Used pivot tables, charts, slicers, and KPIs to support dynamic filtering and insight generation.
- Identified product profitability patterns and discount-related business insights through dashboard analysis.

### [Global Happiness Trends Analysis & Dashboard | Python, Tableau](#)

- Analyzed 2015–2019 global happiness data to explore the relationship between well-being and indicators such as economy, health, freedom, and trust.
- Used Python for data cleaning and analysis, then built a Tableau dashboard to present country-level and regional insights.

## [Data Professionals Survey Dashboard | Power BI, Power Query](#)

- Developed an interactive Power BI dashboard to analyze salary trends, job roles, skills, and career satisfaction using survey data.
- Performed data cleaning, transformation, and modeling, and created visualizations to deliver actionable insights.

## Experience

### Founder and Creator | Data With Hena

2024 – Present

- Create beginner-friendly educational content on Excel, SQL, Tableau, and Power BI.
- Produce practical tutorials and project-based explanations for data learners.

## Education

- **Bachelor of Science in Computer Science, In Progress**  
American University of Afghanistan (AUAF)
- **High School Diploma**  
Speen Kaley High School, Kabul, Afghanistan | 2018
